EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Monica Gerber on 10/31/03.

The application has been amended as follows:

In the claims:

Claim 10. (currently amended) [A] An isolated host cell [harboring] comprising the genetic oscillator of claim 1.

Claim 11. (currently amended) The isolated host cell of claim 10, wherein the host cell is a prokaryotic cell.

Claim 12. (currently amended) The isolated host cell of claim 10, wherein the host cell is a eukaryotic cell.

Claims 13-66 are hereby cancelled.

Claim 67. (new claim) The isolated host cell of claim 10, wherein the host cell is a cell in culture.

Art Unit: 1636

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest the specific combination and arrangement of genes and regulated promoters as is recited in the allowed claims. The amendments made herein are made in order to obviate issues under 35 U.S.C. 101 and 112 1st paragraph regarding statutory subject matter and enablement. Specifically, the term "isolated host cell" is interpreted to mean a cell that is removed from its natural environment (e.g. a cell in culture).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 1-12 and 67 are allowed (now claims 1-13).
